When you have your portrait taken you naturally want a GOOD one; to ensure this you must go to a place where not only the best appliances and artistic skill are to be found, but where also TIME can be taken to study your features, get their most pleasing expression, the most suitable light and graceful pose.
If the photographer lowers his prices too much he cannot take the necessary time to do his work well, but must run his customers through like sheep, trusting to the NUMBER to make his profit.
A sensible person will beware of such and prefer to go where fair prices are charged and every care taken to ensure the work turning out satisfactorily; such is the case at the "Gran Fotografia Platense" whose customers never having been driven away by excessively high prices, do not require to be lured back by catchpenny reductions.

TELEGRAMS
TO STANDARD.

London, 7th—The results of the elections so far are—Unionist Conservatives 149; Gladstonians 107.

Rome, 8th—The Brazilian Minister has informed the Minister of Foreign Affairs, Sr Brin, that the Brazilian Government accepts in principle the demand for reparation by the Italian Government, but begs it to await the result of the investigation to discover the criminals and arrive at the facts of the case.

The papers praise the energy and promptitude of the Government in the case. The ironclad Dogali leaves for Brazil.

Berlin, 8th.—The *Monitor del Imperio* publishes a circular of Chancellor Caprivi in which he criticises the uncompromising attitude of Bismarck. He says that a reconciliation between him and the Emperor will only be possible if Bismarck takes the first step. This circular has given rise to much comment. Bismarck's answer is awaited with much curiosity.

The *Reichzanzeign* publishes the despatches that General Caprivi sent to the German Minister in Vienna, advising him of Bismarck's intended visit to that city.

This publication is due to Bismarck's accusations against the Government for the coldness of his reception in Vienna by the authorities and the German Minister. The contrast between the prudence of the Government and Bismarck's violence has caused a great impression.

London, 8th—The rise in the gold premium in Buenos Ayres has caused a fall in Argentine securities.

Sophia, 8th—The *Svoboca*, referring to Prince Ferdinand's tour, says that he was warmly received in Austria and England, and that the support promised him ensures his tenure of the Bulgarian throne. This article is considered important, as being inspired by the Government.

St. Petersburg, 8th.—The Government is making numerous arrests in Poland, as fresh plots of the League of Independence have been discovered.

Paris, 8th.—It is now known for certain that the cases in the suburbs are of Asiatic cholera

Doctors Cornil and Strauss have in private cases found the baccilus coma characteristic of the cholera that is now ravaging Persia and India.

At Aigon (?) and other places several fatal cases have occurred. All the patients are kept isolated and great precautions have been taken. The alarm is very great.

Berlin, 8th—Important fortifications are being erected in great haste on the banks of the Elbe, and the defensive works in the Northern ports are also being hurried forward.

London, 8th.—The *Times* says that the triumphant tones of Gladstone's organs are premature, as the few seats they have gained up to the present may be lost at succeeding elections; and, besides they will not suffice to give them the majority, which must, in any case, fall to the Conservatives and Liberal Unionists. The latest returns lead to suppose that Gladstone will gain about forty seats in the whole election.

St. Petersburg, 8th—Cholera has appeared in the provinces of Rouban, Stavropol and Astrakan. Subscriptions are being raised to help the poor in those provinces, in which famine has also appeared.

Some doctors have left for the South, sent by Government to devise means to prevent the spreading of the epidemic.

(*To the "Prensa".*)

London, 7th—The net Radical gain is 15 seats. O'Brien and Healy (MacCarthyites) have beaten the Parnellite candidates, Redmond and Morgan, in Cork. Gladstone believes there will be a Radical majority. The general result is still doubtful, but the Gladstonians are hopeful of doing better. Nearly all the English towns have already returned their members. The Dublin elections come off to-day.

The Inman steamer City of Chicago broke in two and sank this morning at 2 o'clock.

A telegram from Rome to the *Standard* says that the Vatican has given secret orders to the Irish Bishops to support Gladstone.

Cholera is still increasing in the Transcaspian region. At Astrakan the people oppose any official action. They say that on previous occasions the cholera disappeared without any special measures being adopted. The port of Astrakan is full of ships that are not allowed to enter the Volga.

It is said that two deaths from Asiatic cholera have occurred in this city.

It is announced from St. Petersburg that the plague has reached Tzartzin on the Volga, where six persons have died of it. The epidemic is spreading rapidly, and great alarm exists.

Pittsburg, 7th.—The fight at Carnegie's foundry lasted the whole day and night, and the police surrendered. Nine policemen and eleven of the strikers were killed; 150 were wounded between both sides.

New York, 7th—Everything is now quiet at Homestead.

Many policemen were killed on board the vessels and thrown into the river. Ten killed and two hundred [mostly policemen] wounded is the estimate.

London Stock Exchange more lively; but railways down. Silver bars 39 13/16ths.

Berlin, 7th—The threat of prosecution has not deterred Bismarck, who continues to attack the Government.

The Municipality has voted ten millions of marks for the Exhibition, which will be held before 1898.

Liverpool, 7th—Isaac Cooke and Sons, cotton brokers, have failed for £100,000.

Paris, 7th—Grenier, the officer who sold documents to Captain Borup, did it because his pay is only £60 a year, and for six years it has not been increased. In view of this, public opinion as to his offence has completely changed.

Christiana, 7th—It is believed that unless the separatist movement in Norway be suppressed, the kingdom will be broken up, and war be declared against Sweden.

(*"To Correo Español."*)

Paris, 7th.—Great alarm here owing to the increase of cholera, and it has been traced to the bad water. Professor Gautier says that at Choisy each cubic centimetre of water contains 500 microbes; at Villejuif 5,000; and at Clichy 116,000. On Monday there were 16 deaths from cholerina, on Tuesday 29, and yesterday 20.

At Roubaix there is a more serious strike than the first one. Over 400 men of the Spinning Company have refused to work, on the ground that the arrangement come to with them on the previous occasion has not been carried out. They demand increased wages.

London, 7th.—The Crown Prince of Sweden has arrived here.

The latest telegrams from Ireland, Scotland and the rest of the Kingdom lead to suppose that the Liberals will be badly beaten in the general election. Gladstone's party cannot conceal their disappointment.

London, 7th [evening.]—The latest returns are against the Conservatives, who have lost 14 seats. So far 99 Gladstonians and 143 supporters of Lord Salisbury have been elected.

Five cases of cholera have occurred in the city and two at Croydon.

Constantinople, 7th. — Cholera is spreading through Persia, Armenia and Kurdistan. It is raging in Teheran and Tabris, and has reached Wan and Mossul. The report of its having broken out in Syria is not confirmed.

NINTH OF JULY.

There are many of our readers who share with us the conviction that Argentina is destined one day to hold the same position in the southern continent of America that the U. States does in the northern. The progress which this country has made in the last 40 years strongly favors such a presumption, and for the attainment of this result only two things are needed. First, to give some security to life and property; secondly to check the onward march of financial disorder in the Provinces.

Every other matter may be said to fade into insignificance before these two, and we would, therefore, with all deference impress on the new President, who will come into office on October 12th, the urgency of them. Some of the Provinces are in a much worse condition than others, but all are in need of sweeping reforms in the police administration and the handling of finances. It is the interest of every right-minded man in the republic to see a better order of things instituted, for it is plain to everyone that, from whatever cause, things have been going from bad to worse for some years back, and unless prompt remedies be applied the provinces may fall away into chaos.

Our duty ends here, in pointing out emphatically the necessity to turn over a new leaf. The three great powers of the State, namely the National Government, Congress and the Federal Tribunal will know best what remedies to devise. All classes of the population will welcome the united action of these powers to put the country on a better footing.

Meantime we cordially unite with Argentines in celebrating the 76th anniversary of Independence, and hoping that each successive Ninth of July may be as a mile-stone on the high-road of national progress.

LESSONS IN FINANCE.

THE ARGENTINE PROVINCES.

In the last two days we have given our readers a detailed statement of the finances of each of the 13 provinces, and now it will be interesting to sum up the results:

1st—The revenue and expenditure were as follows:—

	1884	1890
	$ currency	$ currency
Revenue	5,350,000	13,107,000
Expenditure	5,420,000	34,835,000

It is to be observed that in 1884 paper-money was at par, and at the close of 1890 gold was at 200 per cent premium. Reducing the items of 1890 to gold we find as follows:—

	1884	1890
	$ gold	$ gold
Revenue	5,350,000	4,370,000
Expenditure	5,420,000	11,610,000

Thus in hard money the revenue was less than in 1884, whereas the expenditure had more than doubled.

2nd—The items of revenue in 1890 were made up as follows:

	$ currency	$ gold
National subsidies	1.180,000 =	393,000
Property-tax	5,290,000 =	1.764.000
Licenses and stamps	3,540,000 =	1,180,000
Sundries	3,097,000 =	1,033.000
Total	13,107,000 =	4,370.000

Besides the above there were imaginary "bank-profits" put down at 9,824,000$, which simply meant that the Provincial Governments would overdraw their accounts nearly 10 millions more than in the preceding year. Another imaginary item of revenue was 420,000$ from the railways of Entre Rios, which did not cover working expenses.

3rd—The items of expenditure (supposing the service of debt) were as follows:

	$ currency	$ gold
Int. on debt	20,340,000 =	6,780,000
Police	3,470,000 =	1,490,000
Schools	3,015,000 =	1,005,000
Tribunals	1,240,000 =	413,000
Music	240,000 =	80,000
Sundries	4.810,000 =	1,603,000
Total	33,115,000 =	11,371,000

If the service of debt be deducted the expenditure will be found to reach $12,775,000,as compared with an estimated revenue of $13,107,000, which would leave a surplus of $332,000. But it is well to bear in mind that receipts never come up to the estimates of revenue, and it would be hazardous to calculate upon more than $12,000,000 under this head.

4th.—The preceding tables take no cognizance of municipal debts, which are as follow:—

	£ sterling	$ currency
Rosario	1,200,000 =	18,200,000
Santa Fé	260,000 =	3,900,000
Paraná	400,000 =	6,000,000
Cordoba	800,000 =	12,400,000
Tucuman	—	600,000
Other towns	—	1,200,000
Total		42,000,000

The service of the above debts requires $2,600,000 per annum, which brings up the total thus:—

	Debt, $ currency	Annual service, $
Provinces	343,500,000	20,340,000
Cities	43,200,000	2,600,000
Total	386,700,000	22,940,000

The debt is equal to $140 currency per inhabitant. The total provincial and municipal revenues of the 13 provinces under consideration sum up $17,500,000 currency; the debt is therefore equal to 21 years of revenue.

THE POTOSI MAILS

SEVEN DAYS LATER

London, June 11th

Stoppage of payment is at last announced by the New Oriental Bank Corporation. For about eight years past it had been conducting a business which was started in the year 1884 on the ruins of the old Oriental Bank. During the period of its activity it had obtained a large connection and, until last year, appeared to be in a flourishing condition. It had, in March, 1891, over ten millions sterling of assets in the shape of bills and securities, coin, and property. It had a nominal reserve of £ 200,000, and had been paying dividends of six per cent. since 1886. To a number of good people—Anglo-Indians and Scotchmen connected with the East—the suspension will be a matter of surprise, but to City men there is nothing surprising about it. The Bank is known to have been exposed to a good many risks Last year the directors reported defalcations and irregularities in various quarters, its Melbourne manager having caused the bank a loss of £ 80,0000, while a collapse among the "chetties," or native bankers, in Singapore threatened a further los of £ 70000. Beyond all such incidental losses, there has been the fall in silver, which has not only depreciated the assets of the bank employed in the East, but has crippled the financial strength of its customers, and so, indirectly, affected the bank itself. Its credit having fallen, there was a natural disposition to withdraw deposits. Some of these deposits, being under long contracts, could not be withdrawn for a long period, and, in order to escape loss, depositors lately hit upon the expedient of insuring themselves at Lloyds'. Yesterday, the quotation for the insurance of New Oriental Bank deposits was five guineas per £ 100, and it is a wonder that rate was not still higher. Nobody can guess where the trouble will end. On paper, the bank shows an excess of assets above liabilities. It is to be hoped that there will be nothing worse than delay before the creditors. Perhaps even the shareholders may get something back from the wreck; but first estimates are usually rosy in these cases. As to present appearances, the matter need not be regarded as of prime gravity. Compared with the Baring crash, its effect on finance and credit will, evidently, be quite small.

The Grand Duke Constantine's visit to Nancy is again the subject of leading articles in the Paris newspapers this morning all of which express the greatest satisfaction at the event. The *Journal des Débats* declares that the GrandDuke's visit establishes, or rather completes, the political significance of the Tzar's journey to Kiel. "The visit," it says, "has been of service not to us, who could take no umbrage at the imperial interview at Kiel, but to others who were already commencing to make capital out of it to our detriment."

The Queen has been graciously pleased to signify her intention to make a contribution of £50 to the fund that is being raised for the relief of the distress caused by the disastrous hurricane in the Colony of Mauritius.

The following despatch from Valencia (Venezuela) is published to day by the *New York Herald*:—"The Federalists and the Revolutionists fought for three days on the prairies, near here. President Palacio's forces finally retreated in great disorder towards the city. General Crespo is massing his troops near Puerto Cabello, and the Federalists are preparing to meet him. The President's position is precarious."

President Harrison was nominated at the Minneapolis Convention as the Republican candidate at the forthcoming Presidential election in the United States. The ballot figures were as follows: General Harrison, 535; Mr. Mckinlay, 182; Mr. Blaine 182. Great excitement prevailed when the vote was known.

Rival parties held parades yesterday evening and marched through the streets in procession, finally assembling at the Rotunda and the West Hotel respectively. The Blaine party carried banners bearing upon them the inscription 'Ireland.' A number of the President's younger partisans made a rush for these flags which they captured and tore to pieces. Mr. Blaine's friends, however, retorted by destroyieg a banner bearing Mr. Harrison's portrait, and a scuffle ensued. No serious damage was, however, done, and the only result of the fray was to strengthen the factional animosity.

The semi official journal de St. Petersburg to-day, referring to the interview between the Czar and the Emperor William at Kiel says: "The friends of peace in Europe will see in the meeting between two powerful monarchs a fresh pledge for the maintenance and consolidation of the general pacific situation which so manifestly accords with the interests of all."

The Berlin *Tageblatt* publishes a telegram from its Zanzibar correspondent stating that intelligence has reached here by way of Mombasa through English sources confirming the rumors which have been recently circulated of the death of Emin Pasha.

Two deaths have taken place at the Leeds infirmary in addition to those killed on the spot in the recent railway disaster. There are also five injured persons at the infirmary, all of whom are seriously hurt; in one or two cases a fatal result is feared: in the case of Maud Robinson lying dead at the infirmary the address is unknown. The second death is that of Birmingham. Edith Yeadon, 18, of Lister-hills, Bradford, is suffering from comcussion of the brain.

LATEST FROM LONDON.

"THE GAUCHOS HAVE COME."

Seeing the above advertisement of Buffalo Bill's on all the hoardings, I went down to the Wild West on Whit Monday to see what it meant. To an audience of 15,000 amidst a hurricane of applause Buffalo Bill gave notice that nine Argentine Cowboys had just arrived to contest with the Mexicans, Cowboys, Indians, and Cossacks "the supremacy of horsemanship." The papers this morning have many allusions to their arrival, but as perhaps you may not see them, and knowing how interested many of your subscribers will be on the subject, I will just give you a few facts gleaned from the best sources.

The "gauchos" are nine in number and have been sent over by Mr. Casey from his estancias in Bragado, Chacabuco and Las Heras.

Buffalo Bill to complete the round dozen has pressed into his service Mr. Martinez Ramos, late of the Argentine army, Mr. Kenyon, who I believe is, or was, connected with Baron Hirsch's colonization scheme, and a Mr. Ferbur, all of whom have just arrived from Buenos Ayres.

Their first appearance will be in about a week's time; their horses not having arrived yet, nor are their clothes ready. Meanwhile they are rehearsing in the arena on the Mexican "brouchos" and earning golden opinions from all who have had the privilege of seeing them.

I hear that Colonel Cody pronounces them to be very fine horsemen but wanting in the knack of riding "for effect" which all their rivals have acquired during years of practice.

The "gauchos" pronounce themselves delighted with London, and have pitched their tents (over which flies the Argentine flag) between the Mexicans and the Cossacks. The gentlemen whose names I have already mentioned, with Messrs Gibson, Methven and others, are looking after them well and have organised a fête for them to-morrow which is to wind up in a dinner for them at the "St. James" restaurant and boxes at the Empire. It will be a novel and interesting sight to see the black "chiripá," "potro" boots, big spurs, and the "bolas a la cintura" dining at the leading restaurant, cheek by jowl with the crutch-and-tooth-pick masher.

I also hear of a projected trip in a steamer up to Richmond to which the Mexicans are to be invited by their southern brethren, which is to terminate in a "carne con cuero."

Altogether, the Porteños have "caido en gracia" and are being treated like princes, and will, I am sure, do credit to their country and those who have sent them.

J. R. O'C....

PROVINCIAL NEWS

The whole population of that sleepy town, Bahia Blanca, turned out last Thursday to witness a curious spectacle, namely, a trial of physical strength between a French Basque and a Spaniard. The athletic rivals had wagered $500 as to which would carry a weight of 300 kilos the farther. As people in Bahia Blanca have very little to do any day of the week, and nothing at all to do on Sundays, our readers may imagine with what degree of impatience the population gathered in the Plaza and waited for the performance to begin. The weight to be lifted was a barrel containing three bags of sand, weighing in all 300 kilos. This the French Basque managed to shoulder and staggered with it for a distance of 15 metres, when, unable to resist the burden, he let it drop. The Spaniard then came along, amid the cheers of the enthused multitude. He got under the weight with athletic ease and walked with it a distance of 38 metres. The enthusiasm of the crowd knew no bounds when they saw him pass the 15th metre, and when he dropped the burden his admirers rushed forward to see how far they could carry him on their shoulders. The French Basque paid up the 500 dollars like a "brick," acknowledging his defeat with that politeness inseparable from the French character.

Advices from that quiet little town of Magdalena state that considerable excitement was caused there the other day by the discovery of $750 and a bank-book in an old tin, which a painstaking cook found while cleaning out the stove in the kitchen. The circumstance goes to shew what a delightful condition the stoves in Magdalena must be in, when an old tin could have lain so long unnoticed in the smutty interior of this useful culinary apparatus. The immediate result of the "find" was that the cook was rewarded by the mistress of the house, but the indirect results were of a far greater magnitude, as often happens in other things, for all the cooks in the town began to clean their stoves, which are now as clean as new pins.

A branch of the Banco de la Nacion is to be started in Bragado.

The Franklin Library in San Juan—a valuable collection of 10,000 volumes—was burned down on Wednesday night, and only one volume was saved. This is an irreparable loss, and the San Juaninos are in very low spirits in consequence. It is said that a suspicious looking individual was seen prowling about the place before the fire broke out.

ENGLISH CHORAL UNION.

This Society gave a grand vocal concert on Tuesday evening last in the salon of the Operai Italiani. There was a very good attendance, and the excellent rendering of the several items in the programme secured the most enthusiastic applause; amongst these we must mention Sullivan's part song "Echoes." In this The ensemble and the light and shade were perfect, testifying to attention of the singers and the able and careful training of the conductor, Mr. H. B. Owen, whose noble devotion to the cause of art is being more and more appreciated each time we hear this Society, which always gives us something worth listening to.

"Down in a pretty valley," by H. Leslie, was well rendered and enjoyed by all; being written by one who had such vast experience in choral training, it is essentially vocal. Unfortunately, we cannot yet think the same of Dr. Hiles' "Hushed in death"; his extraordinary treatment of the word 'soul' was not pleasant; perhaps, however, another hearing of this difficult and, no doubt, clever work might prove more enjoyable.

Miss Wohlers sang two charming songs by Lassen; both suited her admirably and she rendered them beautifully.

Miss M. Lee sang "Dear Heart," by Mattei, very well, showing good training and careful study. Her sister, Miss S. Lee, sang with Mr. Colquhoun in the ever favourite duet by H. Smart, "When the wind bloweth in from the sea"; each sang their part so well that an encore was demanded and they repeated the same.

Miss Reddall, whom we are glad to welcome to Buenos Ayres, sang "Once," by Hervey; although nervous, she sang well, possessing considerable training and a sweet voice; she received an encore in which she sang with more freedom and gave further proof of her abilities.

Dr. Newlands selection was "Till the breaking of the day" by Pinsuti and Mr. Comber, "Light and shade" Odoardo Barri, and the "Vagabond" by Molloy.

"Oh, hear the wild winds blow," by Massei, suited Mr. Colquhoun's fine voice and he sang with great spirit, receiving a hearty encore, which, owing to his clear enunciation, we heard, was "None so true as the boys of the blue."

We offer our congratulations to Mr. Owen on his approaching marriage with Miss Bostock, and hope he will continue to help us to appreciate good choral music.

BRITISH HOSPITAL BAZAAR.

Buenos Ayres, July 8th

Mr. Editor,

I have pleasure in communicating to your readers the very satisfactory results of the British Hospital Bazaar held on 22nd, 23rd, 24th and 25th June, to raise funds for enlarging the Women's Ward, and providing an Intermediate Ward for those who are unable to pay for Private Ward.

After paying the expenses of the Bazaar $11,595.50 m/n and $329.50 gold and cost of sundry articles purchased by the Committee, there will remain about $85,000 m/n and $3,800 gold, which may be said to amount to £6,000.

This sum has been placed in the London and R. Plate Bank in names of Messrs. Drysdale, Anderson and Wallace, who are to confer with the Committee of the British Hospital as to the application of the funds in accordance with the objects of the Bazaar.

The Committee desire to thank the ladies and gentlemen who, with such energy, tact and hearty goodwill, assisted at the stalls and in other ways, and at the same time desire to express the gratitude of the British community to many most generous donors of money and of goods, not only here, but in England and the United States, and especially to thank the President of the Republic, members of the Government and Municipality, for their courtesy in granting every possible facility and assistance to the carrying out of the Bazaar, and to Argentines and people of all other nationalities who generously contributed, and to Señor Duran for graciously giving the use of his magnificen salon free of charge.

Yours truly
John Drysdale,
President.
William Goodwin,
Hon. Sec.

MEDICAL SCIENCE.

A WORD ABOUT MARRIAGE.

Let me begin by saying that Matrimony is the most sacred and noble of modern social institutions, since it sanctifies the union of two beings in an honorable and legitimate manner. If it depended on me, I should oblige every healthy man to get married at a certain age, to found a home and a family of robust and vigorous children, useful acquisitions to society and fatherland. But, however strongly I advocate this great triumph of christianity and however heartily I congratulate those couples of lovely girls and intelligent and active young men who marry with love in their hearts, health in their blood, and hope in their souls, I am the first to condemn those unions which in the exercise of my profession have come under my notice at times, in which husband or wife had defects of so grave a character as to vitiate their children. Chronic drunkenness, epilepsy, or brain disorders are among the impediments I allude to. I have seen marriages which any conscientious person would energetically condemn, but the law of professional secrecy closed my lips.

The most pronounced case that came under my notice was that of a wealthy young bridegroom who was consumptive, whose father died in a fit of madness, and whose mother was epileptic.

My theory, in short, is that hereditary antecedents and health must be considered before wealth and beauty, when a marriage is proposed.

Dr. Edmund Reynal O'Conor.

A VISIT TO THE SALVATION ARMY FARM COLONY AT LUJAN.

This Chacra was taken by Major de Barritt over 12 months ago as the necessary link in the social work of the Salvation Army in South America.

During the last 6 months the Army has found situations for 600 English, Irish, French, German and Italian people, and persons whom they have sent out are now scattered all over the Republic.

Many of these poor people were out of work, had no home or friends and for such the Farm Colony has been a great assistance. They have been found timely assistance, and have had an opportunity of proving their fitness for such work as the Major has been able to find them. Especially is the Farm useful in dealing with married people, as many of these with their children were simply walking the streets, until situations could be found for them.

The Chacra, which is about 12 cuadras or 50 acres in extent, is 20 minutes walk from Lujan station on the Western Railway, the property of Mr. Kerr Jordan, who has generously let them the Chacra until such time as some legal difficulty is solved, when the Army have the first opportunity of buying same for $4000 m/n.

In addition to this farm I am to understand a much larger place is needed, and as the Army have a first class capataz, some animals and plenty of labour they would certainly be the people to work with benefit to all concerned on the half profit, or some other system, such larger place. Owing to lack of means the army have not been able to do much in the way of planting, although they have raised one small crop of maize, two of potatoes, and also vegetables for the men, and have now 30 acres of land ploughed and ready to sow.

A large quantity of fruit and other trees, the generous gift of Mr. Nicolas Lowe of Mercedes, have been planted. Four oxen are on the ground with several horses, pigs and a few poultry.

The moral influence of such a place to those who are staying on the farm for a few days must be great, and one is not surprised to hear that several persons for whom situations have been found have wished to stay for mere board and lodging, which of course was impossible. Three meals a day are supplied, plain but of a substantial character.

Mr. Roberts, Manager of the Western Railway has generously granted the Major and his capataz free passes, and also half-fares for the poor people who are sent to and from the colony.

It appears that the British and American Benevolent Society have sent a large number of people out, and paid for their support; indeed, as Major de Barritt frankly acknowledges, without their help it would have been impossible to carry on this admirable institution. At the present time they are badly in need of some fences, and some alfalfa seed would certainly be a great boon.

One cannot visit this Chacra without feeling that it is an English institution, is a credit to all concerned, and it is easy to believe that the gratitude of those who have been favored with shelter and work, has been a sufficient reward for the promoters.

With the labour-offices scattered throughout the republic, the Army is certainly in an unique position to find work for the poor, and I am not surprised to find that one of the busiest offices in town is the Free Labour Offices of the Salvation Army, situated at 1488 Calle Chacabuco Buenos Aires.

THE CENTRAL ARGENTINE RAILWAY.

Four years ago the Central Argentine Railway dividend was 12 per cent. per annum, and its Ordinary stock was quoted at a figure in the neighbourhood of 220; for last year its dividend was *nil*, and the quotation of its shares has for some time been considerably below 70. These two facts were brought prominently forward in the recent controversy over the proposed amalgamation of the Central Argentine with the Buenos Ayres and Rosario. There seems however, to be a growing opinion that the Central Railway has turned the corner, and that a steady, if not rapid, improvement may be looked for in its position, as a result of the better state of affairs prevailing in the Argentine Republic. It is urged by the supporters of this view that the Central Argentine is quite independent of control by the Government, and that its revenues, after the deduction of a moderate amount of fixed charges, can be applied directly to the payment of dividens on its stocks. Further, it is said that the revived trade of the Argentine Republic cannot but favourably affect the position of the company, and that a dividend for the current year is not improbable. As to the first of these contentions, it must be admitted that the Government reserves the right to intervene in fixing the company's tariffs; but only "when the net proceeds exceed 12 per "cent. per annum upon the capital," taking the working expenses at 50 per cent. of the gross receipts.

As to the possibility of the line again entering the dividend-paying list, the chairman, speaking at the annual meeting a fortnight ago, said that, as the railway was the first to feel Argentine depression, so it would be the first to revive when the unfavourable conditions had passed away. Much was expected of the new manager, Mr. Craik, who entered upon his duties on November 18 last, and the result of whose endeavours will be best set forth by a *résumé* of the weekly traffics since his assumption of the management. This we supply below, the comparisons in each case being with the corresponding period of the previous year:—

Week ending.	Inc. or. dec. £
Dec. 6	—4,162
,, 13	—4,376
,, 20	—7,045
,, 27	—4,692
Jan. 3	—5,402
,, 10	—3,086
Mar. 27	x1,486
April 3	x4,489
,, 10	x2,762
,, 17	x 626
,, 24	x2,299
May 1	x2,522
,, 8	x1,691
,, 15	x1,895

These figures would seem to be a confirmation of the idea that the Central Argentine has turned the corner, and is on the up grade. *Financial Times.*

RAILWAY ITEMS.

The Local Board of the Transandine Railway have submitted to Government for approval several plans of the line and works between kils. 132 and 136. The Engineers' department are to report on these plans.

The Local Board of the Argentine North Eastern have informed Government that they have received instructions from the London Board to continue the works of the line in the section from Monte Caseros to Paso de los Libres.

The Chief Accountant of the National Railway Board has laid before Dr. Araoz a long account of the guarantee of the Pacific Railway, and the necessity of such accounts being viseed by the National Government Interventor. The Pacific Railway account has, according to the C.A., another defect. It is not accompanied by a certificate of the Company having deposited the surplus returns to the order of Government. The Company owe the State in this way since 1888 over 1½ million dollars. In conclusion the C.A. states that the account must not be paid until the requisites be fulfilled.

The friends of the late Mr. John Graves are raising a fund to practically assist his widow and children.

Mr. Graves was an old employee of the Southern Railway, and the old English residents of Buenos Ayres will remember him for many years as the energetic and obliging Station Master at Plaza Constitucion.

An account "Subscriptions to Grave's Fund" has been opened at the London and River Plate Bank, where any friend may deposit his 'cuota,' however small, and we trust the promoters will mee with the greatest success.

EDITOR'S TABLE.

We cordially salute our Argentine adopted countrymen and colleagues on this great anniversary, hoping that when it again comes round the Republic will be on the high road to returning prosperity.

The Chamber of Deputies met yesterday and voted a credit of $105,000 for Education purposes. Also Deputy Gilbert's Bill exempting "morose" Contribucion Directa debtors from fine if they pay up within 60 days.

"Tanjours" mails. The La Plata goes on Monday; post hour 10 a.m.; the Sorata on 14th p. h. 3 p.m. on 13th.; the Caffaro to-morrow 10 a.m.; the Maskelyne on 12th, noon. No more at present from yours truly.

The U. S. S. Bennington leaves to-day for Palos, Spain, to take part in the Columbus centenary there. We wish the gallant commander and his officers a pleasant voyage and hope to see them again in the Plate.

The National Theatre ought to be full to-night at the debut of the Bernis opera troupe, as it is a splendid one. The contract only obliges the artists to begin on the 15th; but in honour of Argentine Independence they appear to-night, in Verdi's grand opera Aida, in which will appear the prima donna soprano dramatico Matilde Rodriguez, the mezzo soprano assoluta Emma Steimbach, the primer tenor assoluto Raffaele Grani, the primer baritono Eugenio Laban and the primer bajo Giovanno Beltramo. Maestro Goula will direct. It will be a great treat.

The decree raising the state of siege was signed yesterday by President Pellegrini and will be published to-day.

We have telegraphic news from London for Mrs North.

We have to thank Messrs Galli Hermanos and Messrs Mackern and Shine for late English papers.

The Chargé d'Affaires of the Argentine Legation at Washington has informed the Minister of Foreign Affairs that President Harrison has consented to arbitrate in the Misiones question with Brazil, and hopes that Brazil will also ask him to do the same and settle the matter.

Should the weather permit of the races being brought off to-day at Belgrano and to-morrow at Palermo, we would suggest the chances of the following:—

Belgrano, to-day:—
Premio Las Heras—Pluton
,, Necochea - Prometeo
,, Independencia—San Martin
,, Balcarce—Nelly
,, Pringles—Dardo or Arazá
,, Belgrano—Amazon
Palermo, to-morrow:—
Premio Rio Rermejo—Pharaon
,, Rio Uruguay—Amazon
,, Produccion Nacional—Soleil
,, Rio Paraná—Riflero
,, Rio Pilcomayo—Gettatore
,, Rio de la Plata—Fraise au Kirsch.

The general belief that Influenza is invariably the advanced guard of Cholera is receiving unpleasant confirmation in the telegrams from Europe. The dreaded visitor from the Ganges has taken a hop, skip and jump from East to West and come down on both his feet, one in Paris and the other in London. Professor Gautier's analysis of the water the gay and festive Parisians are condemned to drink is a caution to the Total Abstinence cranks. By the way, several "almacenero por menor" subscribers tell us that whisky, brandy, gin and rum are now in increasing demand as a remedy for influenza, in place of doctors' stuff. During the cholera epidemic here in 1868 the same belief in strong spirits prevailed; and many attributed their escape to making it a point to go to bed at least 'comfortable,' every night. As hundreds died of pure fright, without having the disease, or anything like it, the false courage inspired by stimulants may have saved a few people; but, as a rule, we should much prefer the Doctor to the Drink in a cholera emergency.

The Patriarch of Jerusalem has conferred the Grand Cross of the Holy Sepulchre on Bishop Soler of Montevideo.

The Mayor of Santa Fe evidently does not care a snap for the feelings of foreign bondholders or their threats of law, as he has issued invitations to a grand Independence jollification to-day, and the fetes promise to be "esplendidas"

Baron Hirsch's emigrants seem to be at the same game as the sovereigns which our London friends send us every year to "help" the exchange market: they come and go, and cross each other on the sea. A few days ago four hundred of those colonists started back for Europe; and to-morrow the Strassburg takes another batch of 500. Nevertheless, an equal number of Hebrews left Europe on Tuesday last for this country.

Every man in town looked twenty years younger yesterday owing to the restitution of his "garantias constitucionales." A morning colleague advises all those who may have been "damnified" by the loss of the said guarantees to appeal to the law courts for an indemnity. Life is too short for such lawsuits.

A funny thing happened the other day at the hall door of Mr. Carlos Aldao's house. He is the happy owner of a big dog called "Compadre" and has in his service a big and worthy Gallego servant. Two policemen were passing by while the dog and the servant were at the door: the former flew at the "blues;" they roared for assistance; and the Gallego shouted "Compadre!" "Compadre!" to call the dog off. The representatives of "la autoridad" thought they were being insulted by being called "Compadres," and at once fell on the Galician and beat him black and blue. Mr. Aldao is trying to get a little shinplaster salve for his bruises from the chief of police.

The captain and officers of the U.S.S Bennington request us to say that, owing to the immediate departure of the ship from this port, they are unable to pay any farewell visits to their many friends, and they take this opportunity to return thanks for the many courtesies extended to them. The ship goes to Palos, Spain, to participate in the Columbian celebration.

Messrs McKinley Bros., of 92 San Martin, have issued neat hand-bills showing the erratic course of the Gold Eagle during the month of June. The bird zig-zagged a good deal on his downward course.

It appears that the famous quadruple Sanitary Convention between this country, Brazil, B.O. and Paraguay will come to an end in August next instead of next year. The Health Board is busy preparing for the event.

The French are great as food reformers. They introduced old horse as a dish, and now they have the whale on their dinner tables. A whale was caught recently off Cape Finisterre, sent to Paris and sold by the lb. in the markets there like salmon or trout. It was declared excellent eating by those who tried it.

The Immigration returns for the first six months of the year are a sad proof that the crisis is still with us: 36,274 people came and 33,129 went away, leaving a beggarly 3,145 hardy sons of toil in the country. It is still worse as the last quarter of 1891 showed 10,000 in favour of the country. The Immigration returns cannot possibly improve till our currency is settled on a stable basis, and we are a long way from this yet.

We are requested to announce that owing to the bad weather the Lomas Harriers will not meet this afternoon at

ON 'CHANGE.
Friday, July 8th.

Gold was very firm to-day owing to the removal of the state of siege and the inexplicable weakness of exchange rates. Fifteen thousand ounces changed hands at the first ring; the price opened at $52.20, rose to 52.70 and closed firm at 52.50, say 222.58 % premium. Fourteen hundred sovereigns were sold at $16.22 to 16.30, closing rate, say 223.40 % premium.

Patriotic Bonds were somewhat firmer than last night: nothing was done for cash; a fair amount was sold for the end of the month, price closing at 70.90. Internal Bonds were dull, but firm, at 64. Catalinas shares fell to 9.40. A few French Bank shares changed hands at 47. La Plata Cedulas fell all along the line and closed weak.

Exchange continues weak and nominal. Discounts were easy.

The following is a summary of the business effected in stocks and shares at the first ring to-day:—

The whole market is rejoiced that the state of siege has been removed, but all agree that a forcible guarantee of peace and moderation has been removed at the same time. We may remark that the recent great improvement in the situation took place under the egis of the state of siege; previous to that state of siege the country was in a permanent state of alarm, and Bolsa brokers used to throng the corner of Cangallo and Florida every night to see when the long-dreaded revolution would break out; business was then at a stand-still, discounts were difficult, and the horizon was black. A few strokes of the Presidential pen put an end to the alarm and confidence revived. To-day that much maligned state of siege has been removed and gold has risen; let us hope that the old political agitation will not disturb the equanimity of the family hutch on 'Change.

Both wool and wheat affairs are at a stand-still at present in spite of the rise in gold; the tenor of European advices continues unfavourable. Meantime, maize operations regained their great activity to-day and large transactions were spoken of at the top prices of last week at the Rio Santiago, in the Central Produce Market and up-rivers. But for this maize business the supply of exchange bills in the market would be very small and rates would be lower. The chronic weakness of exchange is beginning at last to attract the attention of all, for we are going rapidly to gold exporting figures; in fact, banks have already begun to send specie to Europe. Should the rate fall to 47d. on London, the situation would become uncomfortable.

The following figures show the returns of the National Internal Tax Office—

The Pacific steamer Sorata, from Valparaiso, arrived at and left Corral on the 4th inst.; she is expected at Montevideo on the 14th and is posted to leave same day for Europe.

London telegrams announce that the Colonial wool sales are progressing slowly with no change in prices.

The Veloce steamer Nord America arrived at Genoa on the 6th inst. The steamer Montevideo, of the same line, left Rio yesterday for the River Plate.

Telegrams from Montevideo announce that the branch of the English Bank of the River Plate in that market has applied to the Uruguayan Government to extend the term of its Moratoribus another year. The Government has submitted the appeal to the Legislature with a note of recommendation.

The cheques of the State Banks suffered no change in price to-day.

Some fine Lincoln 'capones' were sold to-day at the Tablada at $9.20 and 9 per head. There is demand for this high class of sheep, but very few arrive in the market.

Telegrams from Rio quote exchange on London at 10¾d.

Mr. Rymer O. Watson has been elected chairman of the Comision del Interior of the Bolsa.

On the 28th inst. the annual general meeting of the shareholders of the Banco Español will be held for the working year ending 30th ult. At the meeting the dividend of the year will be fixed and five directors will be elected to replace Messrs. Ramon Sardá, V. Carrido, F. Solá, F. Perez, and F. Ayerza, whose term on the Board expires.

The Banco la Nacion discounted $140,000 yesterday.

Messrs Arning, Brauss and Company and Lorthiois Fréres have chartered the French steamer Columbia of the Messageries Maritimes Company, to load 1506 tons of maize at San Nicolas and Villa Constitucion and 1000 tons more at Rosario. The Columbia is expected here on the 10th from Havre.

The French packet La Plata will leave on Monday with passengers and cargo for Bordeaux.

A telegram from Antwerp, received this evening, announces the sale of a wheat cargo of 3000 tons Rosario quality at 16 fcs. This is the lowest price quoted for many years; the European market continues dull and a further decline in prices is apprehended.

The gold market experienced a further spurt this evening. Eight thousand ounces were sold for Monday; the price opened at 52.80$, rose to 53 and closed at 52.70, say 223.80 % premium. Sovereigns closed at 16.40.

say 225.38 % premium. The market appeared to close heavy at last rates. Patriotic Bonds closed at 70.80 and Internal Bonds at 63.80. Catalinas were dull. La Plata Cedulas tottered and closed very heavy.

HORSFORDS PHOSPHATIC BAKING POWDER
BARON LIEBIG, the world-renowned chemist said, "I have though a great series of experiments, satisfied myself of the purity and excellence of your preparation The bread has no acid, is easily digested, and of the best taste. Aside from the conveniences this invaluable ideas of yours has provided, I consider this invention as one of the most useful gifts which science has made to mankind! It is certain that the nutritive value of the flour will be increased 10 per cent by your invention, and the result is precisely the same as if the fertility of our wheatfields had been increased by that amount.
What a wonderful result is this!"

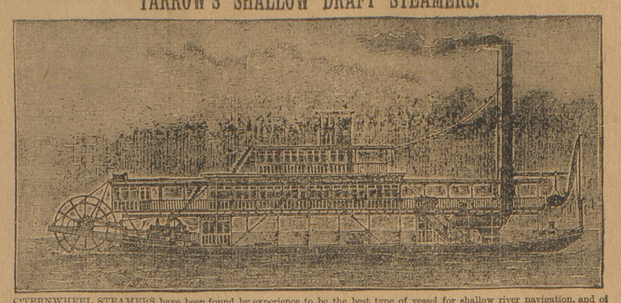
YARROW'S SHALLOW DRAFT STEAMERS.



STERNWHEEL STEAMERS have been found by experience to be the best type of vessel for shallow river navigation, and of these Messrs. YARROW have constructed a large number of successful examples for all parts of the world.
Vessels on this system are constructed, when required, to draw as little as 6 inches.
Messrs. YARROW lately built the sternwheelers "Mosquito" and "Herald" for the British Government, for service on the Zambesi.
They were constructed in floatable sections (capable of shipment), which were simply bolted together, avoiding thereby the costly and difficult process of rivetting up and launching.
For full particulars apply to—

EXTRACT OF TOBACCO.
According to numerous testimonials which we hold the extract of pure tobacco is the only infallible remedy to radically cure the scab in sheep and naturally the cheapest. As there are several trade marks like ours care must be taken to see that the extract bears the key marks, without which it is not genuine.
Directions for use
One part of extract mixed with 100 to 150 parts of hot or cold water for bath, and with 80 to 100 parts for hand curing.

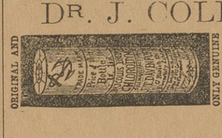
DR. J. COLLIS BROWNE'S CHLORODYNE



COUGHS, COLDS, ASTHMA, BRONCHITIS

Dr. J. Collis Browne's Chlorodyne—Dr J Collis Browne (late Army Medical Staff) Discovered a Remedy, to denote which he coined the word «Chlorodyne.» Dr Browne is the Sole Inventor, and as the composition of Chlorodyne cannot possibly be discoverrd by Analysis (organic substances defying elimination), and since the formula has never been published, it is evident that any statement to the effect that a compound is identical with Dr Browne's Chlorodyne must be false.
This caution is necessary, as many persons deceive purchasers by false representations.

Dr. J. Collis Browne's Chlorodyne—Vice Chancellor Sir W PAGE WOOD stated publicly in Court that Dr. J. BROWNE was undoubtedly the INVENTOR of CHLORODYNE, that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to—See «The Times,» July 13, 1864

IS THE GREAT SPECIFIC FOR DIARRHOEA, DYSENTERY, CHOLERA.

GENERAL BOARD of HEALTH, London, REPORT that it ACTS as a CHARM, one does generally sufficient.

Dr. GIBBON, Army Medical Staff, Calcutta, states: "Two Doses Completely Cured Me Of Diarrhœa."

Dr. J. Collis Browne's Chlorodyne is a liquid medicine which assuages PAIN of every KIND, affords a calm, refreshing sleep, WITHOUT HEADACHE, and invigorates the nervous system when exhausted

Dr. J. Collis Browne's Chlorodyne rapidly cuts short all attacks of EPILEPSY, SPASMS, COLIC, PALPITATION, HYSTERIA

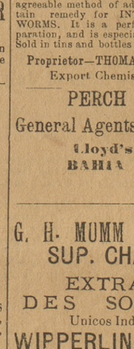
STEPHENS INKS
IMPORTANT NOTICE



Falsifications of Stephens well-known Blue Black Writing & Copying Fluids are now being sold in this town as the genuine inks. The original bottles which have contained Stephens' Inks are being refilled with the imitation and the trade-mark, labels and seal are very closely copied. The principal difference between the true and the forged label is that the lines and ornamentation in the red groundwork of the imitation are blurred and indistinct, instead of being sharp and clean as on Stephens' genuine labels. It is to be noted that the litre and half litre bottles of Stephens' genuine Inks have a patent cork attached consisting of a metarien with teeth into which a cork is fastened. *The fraudulent bottles have no such cork.* The fraudulent ink writes of a greenish blue colour and thickens in the inkstand very rapidly, whereas Stephens' genuine ink writes a strong blue colour and keeps perfectly fluid in the inkstand. Assist in the prevention of this fraud by destroying the bottles which have originally contained Stephen's genuine inks.
Stringent legal proceedings will at once be taken against all dealers selling the fraudulent inks.
